

The Sports Premium Grant: additional & sustainable improvements in Sports at Stroud Green Primary School

September 2017 – September 2018

What is the Sports Premium Grant?

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2017 to 2018 academic year, to encourage the development of healthy, active lifestyles. Information on how much PE and sport premium funding primary schools receive and advice on how to spend it has been published. The Government gives Stroud Green additional money for every child from Year 1 to Year 6 and we are asked to account for how we spend the money, making sure it makes a real difference to children's lives. We are very proud of the Physical Education and Sports provision of our children at Stroud Green and use our Sports premium money to specifically make sure that children get a high quality offer for physical education. On our website you will find the DfE guidance on how we can spend the funds.

Context

Stroud Green Primary is a large 2-form entry school with 420 pupils. In 2017/18 we have approximately 22% (school census 2017) of our school community who are eligible for pupil premium grant support. The profile of our school indicates that the vast majority of these children are in the upper end of our school (year 3-6). In 2017/18 we employ a specialist sports coach to deliver at least weekly skills based PE lessons to all children. We have an extensive range of after school clubs which are both sports and non-sports related.

Rationale

Stroud Green Primary is determined that all pupils are given the best possible chance to experience a wide range of sports. We have a topic based curriculum throughout the school and PE lessons are interwoven with core topic learning. The skills element of the PE curriculum is taught by a specialist PE coach and the wider elements are reinforced by class teachers. We want all our children to be able to access sports related after school clubs and we therefore subsidize these clubs for pupil premium children.

Strategy

We have a clear, strategic 2-part model approach for the expenditure of our sports premium, which focuses on the following:

- whole-school strategies that impact on *all pupils from year 1 – year 6*
- specific support targeting *pupil premium pupils and those in target groups for additional sports intervention*

Our determined and committed leadership team and wider staff ensure that Sports Premium funding and provision impacts achievement and wellbeing of pupils. This includes an identified governor having responsibility for Pupil Premium and Sports premium, the Head teacher, Deputy Head teachers oversee outcomes, and the wider staff team implement and evaluate provision. The Deputy Head teacher (Teaching & Learning) regularly evaluate sports premium outcomes compared and objectives and measure the key performance indicators in this plan

Action Plan for Sports Premium provision September 2017 – September 2018

Main internal and external barriers:

- Vulnerable families and pupils with emotional and social needs
- High numbers of pupils with limited/no English
- High mobility
- High numbers of families living in HMOs with limited outdoor recreation space
- Reduced number of external sports providers who offer free sports opportunities

Desired outcomes to improve sports skills, awareness and personal wellbeing

- A. Enhanced Sports provision for all pupils from Years one to year
- B. Signposting of additional sports opportunities outside school
- C. Regular weekly/daily exercise for those target children
- D. Free additional sports provision for those pupil eligible for FSM/Pupil Premium
- E. Swimming 25m competency in Year students

*Please see the Action Plan below for more detail around the above desired outcomes
