Dear Parents/Carers,

It's been a busy first week back at school after our half term holiday. Mr Chatham has done a great job of organising our Internet Safety Week; running workshops for parents and children on how to keep ourselves safe whilst using the internet he has also organised movie making and poster design competitions.

We have also updated our school website with all our calendar dates right up to the end of the year, we have also updated the curriculum section so you can see what your child is learning in school. All class pages have copies of the curriculum newsletters and information about trips and home learning. I have also posted all the old newsletter on the site so if you miss anything you can check back for information.

 Friday 20th April 2018 at 2.30pm
 Thursday 24th May 2018 at 9am
 Thursday 21st June 2018 at 2.30pm
 Thursday 19th July 2018 at 9am
 Please see above advanced notice of Head Teacher coffee mornings/afternoons – these are group meetings when I will be around to listen to feedback and also tell you about the things I am currently working on to improve Stroud Green.

It's the Year 1 fundraising cake sale on **Monday 26th February**. Please support the sale if you can. All contributions make a real difference. Help and donations of cakes and biscuits are needed on the day - please leave at school reception or hand to teachers on Monday. Please label any cake boxes so we can return them to you.

Many thanks.
 Friends of Stroud Green

Roulla who works in our Nursery is leaving us today as her baby is due in early April. I would like to take this opportunity to thank Roulla for all her years of service at Stroud Green – she has been an amazing part of our Early Years Team and will be missed greatly!

INTERNET SAFETY WEEK PARENT HANDOUT

1. EDUCATE

The number one way to protect your children is by talking to them. Talk about online threats such as predators, bullies and the risk of sharing too much information.

2. SET EXPECTATIONS

Be sure your children understand your expectations before they are given access to technology. Such as when they can be online, for how long and what they can share.

3. CENTRALISE YOUR DEVICES

Have your children's computers, gaming consoles, tablets and devices in a central location in your home. Also create a central family charging station where all mobile devices are stored before children go to bed.

4. COMMUNICATE

Make sure your children feel comfortable talking and sharing with you. Have them demonstrate what apps they are using and how they are using them. Have them teach you and talk through their privacy settings.

5. KEEP CALM & RESPOND OPENLY

If your child approaches you about something bad happening online, don't overreact. Instead, use the incident as a learning opportunity. If you punish your child for approaching you, they may not come to you in the future.

6. EDUCATE EXTENDED FAMILY

Make sure family members are aware of your rules and expectations when your children are visiting them. You may have created a cyber safe environment when at your home, but what happens when your children visit relatives?

7. SEEK RESOURCES & SUPPORT INTERNET SAFETY

There are a tremendous numbers of resources online where you can learn more. You can set up filters on your children's devices, time limit your wifi and even set up parental consent functions. YouTube have videos on how to do all of the security and privacy settings in every app.
