Dear Parents/Carers

Wow what a busy half term it's been so far. The children in Year 5, 3 and 4 have done some amazing home learning projects which we have had on exhibition this week – I look forward to seeing the other year groups next week. On this newsletter I thought it would be useful to give some important dates next half term so you can keep them free in your diary.

Well done Year 6 for a great week – you worked so hard in your SATs and I'm so very proud of you all.

Cal Shaw
(Head Teacher)

Key Dates

New school Menus coming soon!

In next week's newsletter I will publish the new school menus which will run for next half term, going into the start of Autumn term.

REMINDER Telephones in School

Only children in Year Six who come to school by themselves or go home by themselves should have mobile phones in school. We collect these in on the playground in the morning and give them back at the end of school day. No children in other year groups should ever have a mobile phone or device in school.

At the end of this academic year Ms Amonsingh will be leaving us. She has been promoted to be an Assistant Head Teacher in an Enfield school – we wish her luck in her great new job – she will be really missed.
